by Julia Simonis

*Julia Simonis*

Graduated artist with a passion for pigments, color, texture and fabrics. She works in a mixed media style with these authentic materials. The works are carefully assembled in different layers, giving the work beautiful details and depth. Themes in her work are di-verse, from landscapes to portraits and abstract paintings.

She is obsessed with the techniques of the old masters like Rembrandt, Vermeer and wants to apply these techniques in a modern way in her work.

Inspiration can be found everywhere, in the light, in the colors of flowers, on her travels and in photography, which is also a hobby of her. She would like to show the essence and the feeling that raises the image. Sometimes the images are very serene, and sometimes, as in the flower series of her hand, they are rather expressionistic. But the work is always powerful and atmospheric.
